

Trust Cummins Generator Technologies

A North Sea oil rig; an Australian ore mine; a Thai power plant; the London Eye: where people need power, businesses rely on Cummins Generator Technologies' quality. Expertise and proven processes in design, development, manufacturing, customer support and servicing ensure quality in every facet of our business. It's why we can guarantee quality in every product we build.

STAMFORD: Here to Serve Business

We respond to customer needs with products designed to meet the specifications of defined applications. Internationally renowned for quality, reliability, and innovation, STAMFORD AC generators from Cummins Generator Technologies set the industry standard. Reliable, robust, and innovative – the STAMFORD product range offers superior customer-focused solutions from 4 to 5,000 kVA.

Certified Excellence

Counterfeit and imitation products pose a serious threat to everyone. It is a global \$6bn industry. Protect your business against the dangers of counterfeits that risk investments and jeopardise reputations. Ensure quality with the built-in reliability and durability of STAMFORD products.
